SUMMARY

Frontend-focused Full Stack Developer skilled in building high-performance, scalable web applications using React.js, Next.js, Tailwind CSS, and TypeScript. Experienced in developing interactive dashboards, responsive landing pages, and real-time systems. Strong focus on performance optimization, clean UI/UX, and product-driven development.

EDUCATION

Amrita Vishwa Vidyapeetham

B.Tech, Computer and Communication Engineering

2024 – Present

CGPA: 8.87

EXPERIENCE

Web Development Intern

Nov 2025 – Dec 2025

ShadowFox

- Built responsive UI components and pages using React.js and Tailwind CSS, improving usability and consistency
- Optimized frontend performance, reducing load time and improving user experience
- Developed and integrated REST APIs using Node.js, improving system efficiency by 20%

AIoT Engineer — Product Lead

Feb 2025 – Present

Intel IoT Club

- Led development of a full-stack smart rental platform, designing frontend dashboards and user workflows
- Built interactive booking interface with real-time validation and seamless user flow
- Developed dynamic pricing and wallet UI with real-time updates and transaction handling
- Designed real-time dashboards with tracking, alerts, and performance-focused rendering

PROJECTS

• Lexinel – AI Compliance Platform

Next.js, Tailwind CSS, TypeScript, FastAPI, PostgreSQL

- Built scalable web app with interactive dashboards and real-time data visualization
- Designed modular and reusable UI components for maintainability and performance
- Developed APIs handling 10,000+ records; optimized database queries by 60%

• RyzenShield – Edge AI Protection System

React, Node.js, Express

- Developed responsive frontend with real-time data handling and optimized rendering
- Improved system performance by 8.5x through efficient architecture and processing pipelines

• PolicyGuard AI – Monitoring System

Next.js, Tailwind CSS, FastAPI, Docker

- Built low-latency system with interactive frontend dashboards and API response time ~300 ms
- Designed scalable backend and integrated real-time frontend visualization

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, SQL

Frontend: React.js, Next.js, HTML, CSS, Tailwind CSS

Backend: Node.js, Express, FastAPI, REST APIs

Databases: PostgreSQL, MongoDB

Tools: Git, Docker, Postman

ACHIEVEMENTS

- Runner-Up — Hackfest 2.0 (GDG Cloud New Delhi)
